

Data sheet: RHEIN

Model	RHEIN 100	RHEIN 140
Length (mm)	820	1380
Depth (mm)	380	380
Height (mm)	205 (340)	205 (340)
Number of GN	3x 1/3	6x 1/3
Temperature range (°C)	+2 / +8	+2 / +8
Electrical power consumption max. (W)	260	260
Energy class	G	G
Refrigerant type	R455A / R290	R455A / R290
Consumption (kWh/24h)	4,17	4,5
Voltage (V/Hz)	230/50	230/50
Weight (kg)	28	35
Operating conditions	Temperature	max +25 °C
	Moisture	max 60% ambient relative humidity

- The refrigeration unit can be placed on the **left** or **right** side (as viewed from the operator side)
- Can be supplied with plexiglass cover, for a length of 100 cm 1 pc of cover is required, for a length of 140 cm 2 pcs of cover are required
- The maximum depth of GN is 100 mm
- Static cooling, electric control unit
- Automatic defrost
